

MORNING APPEAL

TUESDAY.....NOVEMBER 28

L. P. Fisher, newspapers advertising agents, 21 Merchants' Exchange, San Francisco, is our authorized agent. This paper is kept on file in his office.

"MIKE'S BAZAAR."

Anybody with any fairness now acknowledges that the great Mid-winter Fair is an assured success and that the credit is due to M. H. De Young.

He conceived the plan, pushed it against the combined opposition of his enemies and the slurrings and now the men who fought him the hardest are in his train working for the Fair's success.

He is the master mind of the show and his worst enemies, (and he has a host of them,) admit it.

California has for some years needed a live man to give the lie to the assertion that the State is asleep.

De Young has stepped forward at the nick of time and woke the State up. It will be a big success and when it is over all the Pacific Coast States will have to take off their hats to De Young. Some of them may not like to do it but they will do it all the same.

Those who used to call it "Mike's Bazaar" are beginning to realize that they have been unconsciously fastening the credit of the scheme just where it belongs, and it belongs to M. H. DeYoung.

The success of the Fair will awake the old Pacific Coast spirit of enterprise so long dead, and 1894 will be the beginning of an era of prosperity and enterprise.

TEACHERS' INSTITUTE.

The State Teachers' Association, under the superintendence of State Superintendent of Public Instruction Ring, met yesterday in Reno for a four days session. The Gazette is informed that the good housewives of Reno, with their usual good nature and hospitality, have tendered the freedom of their homes to visiting teachers. Any enterprise affecting the material welfare and prosperity of the State receives a cordial welcome and enthusiastic support from her citizens, and how can the interests of the State be better subserved than by encouraging the cause of education, and the noble army of teachers within her borders, whose duty it is to fit our boys and girls to become citizens worthy the name. Every citizen is interested in advancing the standard of citizenship, for in this only can the maternal, intellectual and moral prosperity of the State be advanced; and it is by education alone that the highest standard of citizenship can be attained.

Society Politics and Caricature.

Such seems to be the proper designation of "The Waves" title since its advent into the latter feature. Each week's issue brings to the exchange table some brilliant work by one of San Francisco's best artists. Martin Kelly the ex-political boss of that city is a subject of this week's issue. Whew! what an ideal feature for the coming campaign. The Wave will then command considerable attention.

The Sacramento Bee gives our contemporary the following send off:

The Carson News has just completed its fifth volume. The News is edited by Annie H. Martin, a woman of brains and who wields a forcible pen. Annie says that if the country doesn't go entirely to pieces the News will grow brighter and better with age. May the country advance and with it the News and its editor. Let the News grow old but let Miss Martin be ever young.

In place of the old-time sleepers used between Reno and San Francisco, the railroad company is leaving a vestibule sleeper of the latest pattern containing two drawing rooms at Reno for the accommodation of west-bound way passengers. The APPEAL was the only paper in the State that ever protested against the old Mayflower cars and is glad to note the change.

Cleveland is now arranging to secure control of the next Congress. As Cleveland pays no attention to the laws of Congress, we fail to see why it should meet at all. Let Cleveland make the laws and save the unnecessary expense of having any Congress.

Will sell goods so cheap, that you will be amazed at your own stupidity in having patronized high-priced establishments. These are grinding times and it behooves you to place your money where it will do the most good.

We are selling best two and four point BARBED WIRE at 4 1-4 cents per pound. The oldest inhabitant will tell you that this is remarkably cheap, unparalleled in the history of Carson.

We have reduced the prices of everything we carry in stock; Groceries, Provisions, Liquors, Hardware, Tinware, Crockery, Paints, Oils, Wall Paper, etc., can be purchased at this Emporium at a less percentage of profit than elsewhere. No necessity for sending your money to California, thinking you can save something for we will be more than pleased to duplicate your bill.

Give us a trial order and make your comparisons with purchases at home or abroad and be convinced. Orders from the country, as well as Carson and its environs will receive our prompt attention.
